Men will swear by a greater - by God and God swears by _____.

Whenever God says anything, He _____ it.

When you say, "Before God and these witnesses" at your marriage, that's what it means and you should have meant it.

God knows us, and God knows that the basic lying nature of men causes them to _____ each other.

Peter is an excellent example of having taken an oath.

He swore by God, but ultimately, he "wept bitterly."

New Life Family Worship Center's Vision and Mission Statements:
New Life Family Worship Center desires to be a thoroughly biblical church that seeks God's presence and leadership. To that end, we are committed to proclaiming God's perfect law and His glorious gospel of grace in Jesus Christ throughout the world, and to "…contend earnestly for the faith which was once delivered to the saints" (Jude 3). "Therefore, whether you eat or drink, or whatever you do, do all to the glory of God." (1 Cor. 10:31).

In response to God's grace and love toward us, the mission of this congregation is to glorify the God of the Scriptures by promoting His worship, sharing His Word evangelistically, belonging to a God-centered fellowship which encourages us to grow spiritually while serving Him, and acting with love and compassion toward those in need. (Matt. 22:37-40; 28:16-20).

It's the same old story today as it was then. Jesus comes to destroy a self-righteous confidence and leave us with a Beatitude mentality.

The entire system of the world in which we live is built on _____.

What would happen if one day everyone told the truth for just that one day?

Principles of Mosaic law:
_____ are a part of the Old Testament.

An oath is simply this: It is making a statement and calling God to witness to the truth of that statement and invoking a curse from God if, in fact, you're not telling the truth.

The Greek word for "oath," is actually *horkos*; it has the idea of binding something or strengthening it so that your word is then strengthened in the affirmation of invoking God to attest to the validity of your word.
