The Bible itself relates to us the beginning and the end of man’s day.

The Hebrew prophets indicate to us some very clear pictures and some very clear prophecies of what the end is going to feature.

One of these features is that there will be an _____ in _____.

Another feature is that there will be wars right up until the end.

And there are more _____ now than ever before.

Every time the Bible has ever said anything, it has been right.

Not only God's person and God's program, but God's _____ demand that Jesus return to earth. God has three priorities that fit in here. Number one, the _____ of Christ demands that He return.

The last Jesus the world has ever seen, is the Jesus dying and hanging on the cross. But one day they will see His _____.

He'll be back!

2 **It is inconceivable that the last view of Jesus the world would have would be of a defeated, dying, bleeding, criminal.**

He must return so that He might receive the glory that is due Him.

The second one under the priority, is that the _____ of Satan demands that He return.

Satan actually could reveal to Christ the kingdoms of the world in a moment of time. He's an amazing being.
