

**“The Judgment of the Believers’ Works” Lesson 4 Outline**  
**1 Cor. 3:10-17**  
**and**  
**“When Do We Leave?”**  
**24 August 2025**

**There’s coming a day when everybody’s work is going to be \_\_\_\_\_.**

**Paul’s simply using the idea of fire here, not as damnation, but fire fits in terms of the combustible materials of your building.**

**Now Paul looks at the workmen, and the first one did what we will call \_\_\_\_\_ work.**

**God will evaluate us, and we will be rewarded.**

**Maybe it is that God’s going to reward us, with a greater capacity for praising Him, for honoring Him, for giving Him glory.**

**The second group of workers-The first were the constructive ones. The second are the \_\_\_\_\_ ones.**

**Do the BEST thing you can do.**

**You’re going to be judged on what is good and what is worthless.**

**The third group includes the \_\_\_\_\_ work.**

**To go into the Holy of Holies sinfully, was death.**

**God wants a pure church. God doesn’t look kindly upon anybody who comes against His church to defile it or destroy it.**

**So, what will you do with your crowns/rewards?**

**“Around the throne were twenty-four thrones, and on the thrones I saw twenty-four elders sitting”. I believe this represents the church.**

**One of the reasons that we want to have a crown is to show the Lord we love Him and show Him faithful service. But another reason is that we may cast them at His feet in praise and adoration.**

**“When Do We Leave?”**

**The church will be caught away; there’s no question about that.**

**The Word of God clearly presents the tribulation.**

**This is a very important question. In fact, it becomes very practical.**

**Jesus said there’s coming a time of horrible tribulation, and when it hits, you’re not even going to have time to get down into your house to take what’s there; the best thing to do is \_\_\_\_\_.**

**So, do we need to get ready for this?**

**Or is all we need to do is make sure we are ready for \_\_\_\_\_.**

**Now this has become a big debate in the church; and I say that only in reference to the theological spectrum, not in this church, I hope.**
