Rev. 11:7-14

4 October 2026

**They’ve been immortal, death defying, and deadly,
but only until they finish their testimony.**

**The Antichrist is _____ over these two
preachers.**

**Jerusalem is identified as Sodom and Egypt because
of its wickedness.**

**1 “Then those from the peoples, tribes, tongues, and
nations,” is a term for the _____ world.**

**In ancient times when pagan people wanted to
dishonor their enemies, they would leave their
corpses lying in the street.**

**In the midst of all these horrors, what the world is
really angry about are two preachers of truth. And
when they’re dead, the _____ is on.**

But in the middle of the party, they stand up!

**The party is over. Unimaginable panic, unimaginable
fear as the witnesses stand on their feet.**

It’s a personal two-man rapture.

**Signs and wonders don't make the Gospel believable,
the _____ does.**

**It would appear as if the earthquake were selective
and kills people of stature.**

Now comes Israel's ultimate salvation.

Giving glory to God is an appropriate _____.

**Jesus defines giving glory to God as "your faith
which has saved you."**

**I believe at this point you have that culmination then
of Israel's salvation.**

2

**Israel is regathered, restored, converted. Final
judgment comes in rapid succession; and the King
arrives, destroys the nations of the world and all the
ungodly, and sets up His kingdom just as the
prophets said.**

**Now we come then to the seventh trumpet and the very
end, but the Book of Revelation continues as it goes
back and describes the career of Antichrist, describes
the one-world church, describes the one-world economy,
goes back historically in ways that fill in that seven-year
period of the Tribulation.**
